

DORUCON

DR. RUPP CONSULTING

Our service for you: financing and investment promotion

- » Are you managing an existing company or have you just founded one?
- » Are you investing in buildings, machinery, equipment or other investment needs?
- » Would you like to benefit from excellent advice?
- » Would you like to benefit from government investment subsidies?

Grant counseling

We advise you on possibilities and prepare your grant application, mainly on a success basis. Use this module for your investments (up to 30 % investment subsidy in certain areas, depending on the size of the company). Subsidies act like equity capital and can improve the economic equity capital, the rating and thus your creditworthiness and make it easier for your house bank to provide credit. They also increase your cash flow.

Financial Consulting / Banking Communication

Our subsidy experts research highly subsidised programmes for your project. No matter whether you are founding, growing or acquiring a company. We accompany you and prepare the applications for your house bank. In the case of large financings, we can address mezzanine or equity investors within our network.

Other subsidy consulting

Our team of highly qualified experts also accompanies and supports you in applying for other subsidies, such as publicly subsidised equity investments, default guarantees, indemnities, loans without risk from your house bank, subsidies for innovations at state, federal and EU level, e.g. ZIM or Horizon 2020.
